Total subscribed:	1,751		

Our goal this year was to get out into the community once per month to Inform community members about the proposed National Urban Park and to sign up new members. Many individual members also took smaller displays to community events throughout the year and signed up new members on their own. It has been a positive team effort by dedicated volunteers. We also created a list of strategic partners and updated the Newsletter/eBlast mailing list with this new category.
